Dear Fellow Collector,

This catalog features choice and extensive selections of Civil War Tokens, So-Called Dollars and 1893 Columbian Exposition Exonumia. Other large sections include US Storecards, Masonic Chapter Pennies and Canadian Tokens. This sale offers the balance of the California collection of Masonic Chapter Pennies and part of the Pittsburgh collection, an old and high grade selection. Among the many fine consignments is a large group of interesting material from the estate of the late Maurice M. Gould, including love tokens, OTACS and ANA medals and counterstamps. The next catalog will contain many World tokens and medals, and more Canadian, Columbian and Civil War Tokens, among other choice exonumia.

As you may know, I was awarded a table at the 1978 ANA Convention in Houston. My wife Marilyn and I were able to meet many old and new friends/customers during the hectic show. The exonumia market proved to be very strong with more dealers bringing more material to this show than any other I remember. Demand and prices continue to increase for virtually all material, with many new and old collectors actively seeking exonumia.

SUBSCRIBE: Catalogs are sent by subscription ONLY. (Subscribers: You will be notified when yours expires!). While I would like to continue to send catalogs out free, high costs (almost \$1.50 each) force me to make a nominal charge. The next five sale catalogs with all Prices Realized will be sent for only \$5.00 to the Continental U.S. (\$12 for First Class/Airmail to Canada, Hawaii, Alaska, Mexico and the World). Timely delivery is guaranteed. Bonus offer: Send in your check before 26 Feb. and the P.R. to the sale is free.

At this point I am planning on conducting two more sales in 1979 (probably May & Oct.). Consignments of all better material are now solicited for the Oct. sale. Please write for complete information and competitive rates. I am also strongly interested in purchasing small and large collections. Just ship for my high offer (your postage refunded if my offer is not satisfactory).

BIDDING RULES — PLEASE READ CAREFULLY

1. By submitting bids you agree to the following terms of sale.
2. Bidding Deadline is 10 PM 26 Feb. 1979. All mail bids must be received by 26 Feb. Please allow sufficient time for the Post Office to deliver your bids. Late bids may be called in at 815-226-0771 until 10 PM or until 20 minutes after the last call. Keep trying! No information on current high bids will be given out. Bids will be reduced (See rule #11).
3. All items are guaranteed to be genuine and as described. Should any item prove to be a copy, replica or counterfeit, it may be returned at any time for a full refund.
4. No tie bids, earliest postmark gets the lot. Bid in odd amounts: \$5.18 vs. \$5.00.
5. Minimum bid on every lot is \$4.00.
6. I reserve the right to withdraw lots and reject unrealistic bids.
7. All lots will be sent AIRMAIL INSURED on values up to \$400 and REGISTERED over \$400. Postage, insurance and packaging will be added to all lots, as well as 5% sales tax for Illinois residents. Bulky items will be sent by insured UPS. Specify alternates.
8. Auction sales ARE NOT approval sales! All returned lots MUST BE MADE WITHIN FIVE DAYS of receipt. Your errors are your responsibility and ours are ours. The only legitimate reason for returning a lot is if it has not been correctly described. Any return must be insured for full value and reason for return given. No lots removed from the original holders may be returned for any reason.
9. If you are not sure what a lot is, please write or call for detailed information such as a rubbing (free with SASE) or photo. A black & white 3-1/2 x 5" print of any lot (obv. & rev.) is available at \$1.00 each; \$5.00 minimum order. Lots may be examined at any coin show I attend prior to the sale (request specific lots in advance, please!).
10. Bidders may limit purchases by specifying the amount they wish to spend. List bids in the order or preference. Bids will be executed in that order until the purchase limit is reached. You may also place a single bid on any group or partial grouping of lots, such as all from one state, while also bidding on individual lots. Group bids must be on lots in sequential order.
11. Items will be sold to the highest bidder at a 10% advance over the second high bid. Bids under \$10.00 will not be reduced nor will bids be reduced to under \$10.00.
12. All invoices are payable within FIVE DAYS after receipt. Consigners want prompt payment!
13. Most photographs have been enlarged to show details. Please note they are not equally enlarged. Sizes given are usually in millimeters.
14. The Guide Price (\$XX) is to be used as a GUIDE ONLY. These estimates are based on my research and knowledge and are the estimated market prices. Please feel free to bid higher or lower. Bids will be reduced. A few lots are marked with a MINIMUM BID: (MB \$XX).
15. In a very few cases I have duplicates of a lot. I reserve the right to sell a duplicate in the same grade as the lot description to the underbidder.
16. No deposit required.

HARD TIMES TOKENS

In the past year or so there has been a tremendous increase in interest in the Jackson Cents, or so-called Hard Times Tokens. Prompted by the listing of Patriotics in the 1978 Red Book and by various articles in the numismatic press, many people have entered the market, wanting further information and tokens. Demand, especially for better material, is very strong and continues to grow. As stated by Edward Janis, writer of the Forward to the 1978 Low reprint: "The series has yet to come into its own" and "Hard Times Tokens offer great potential to numismatists and is about to rise..." The following selection is better than average, with many Choice tokens offered. Grading is considered to be conservative and accurate (many Choice Brown XF+ tokens were previously sold as Brown Unc. by others). In addition I've made some comments on scarcity by grade, based on a comprehensive study yet to be published. Copies of the 1978 Low reprint, with supplemental price and rarity guide, are still available at only \$16.00. Several new and revised books on H.T.T. (including Pseudo-Low) have been announced, however none have yet been published. If interested in a copy when available, check the box on the Bidding Form.

Prices have advanced somewhat in past years, and the following estimates are considered to be realistic and conservative. I am strongly interested in buying common pieces in quantity or entire collections. For example, I will pay \$3.50 each for any quantity of strictly graded Fine to XF common pieces (SHIP!) and will pay \$50.00 each for any quantity of Full Red (95%) Choice BU or better, fully struck and original bright Red, no spots or other flaws (SHIP!). I'll also buy culls, intermediate grades, rarer pieces, etc., and pay top prices. Consignments are also wanted.

Masonic Die Trials

The following are uniface die trials of Masonic Pennies, all in "Copper Bronzed", a light brown finish. All UNC.

1561. NY: Sylvan #188, NY.
1562. NJ: Orange #23, O.
1563. PA: Ivanhoe #308, (Phila.)

The following uniface die trials are from the famous Amillo token pattern sets. Amillo, a company in California, acquired a number of dies and proceeded to strike between 22 and 25 die trials of each (some were damaged and destroyed), with the intention of using the sets as salesman's samples to sell more tokens. After the patterns were struck, the plan was dropped, and sets were sold to defray expenses. Only 18 complete sets were sold, each to a different person. Thus, while 22 to 25 of most exist, they seldom appear on the market, as few sets have been broken up. They are all on aluminum planchets, with collars, all Proofs, some with minor scratches.

Located on the campus of Colorado College, the building has famous Pikes Peak in its magnificent background view. A comprehensive Numismatic Museum is maintained for the general public and collector alike.

collectors here to stay join the ana

The ANA does not buy or sell coins. Its revenue comes from annual dues paid by members, supplemented by gifts, bequests and contributions. Any net income from various activities is used in behalf of its members and for the advancement of numismatics.

the American Numismatic Association, founded in 1891, is the largest and most active organization for coin collectors in the world. It is a nonprofit organization chartered by Congress. Most of its 30,000 carefully selected members are adult residents of the United States, but several hundred live in other countries, and its Young Numismatists are active and enthusiastic. The ANA welcomes to membership all persons of good character, 11 years of age and over, who have a sincere interest in collecting and studying coins, paper money, tokens, medals and other numismatic items. The dues are low; the prestige and services that go with the privilege of membership have great value.

The low-cost silver or bronze membership medal bears the member's name, number and date enrolled.

the door is open

The best buy in numismatics today is a membership in the ANA. If you fill out the attached application blank, you will be taking a big step toward more knowledge, plus more fun and prestige from your hobby of coin collecting. Detach the application, get the required signature of a member who will recommend you, and mail it with your remittance to:

American Numismatic Assn.

at home

ANA membership makes it easier for you, as a collector, to make a serious study of the area of numismatics that interests you — to build up a real knowledge of your specialty while you are building your collection.

- **The Numismatist**, the Association's official magazine, is mailed free each month to all members except Associates. The editor publishes the best feature articles available on popular phases of collecting, identifying, and caring for money, tokens and medals. Most issues have 240 or more pages, with top quality illustrations. You will read of newsworthy men and collections, new coin issues of the world, new books, fakes that can hurt your collection, and editorial comments and Association news. **The Numismatist** accepts advertisements from members only, whose reliability is outstanding and who agree to abide by the ANA Code of Ethics and Bylaws.

- When you are a new member, you receive without charge a copy of the 48-page **Introduction to Numismatics**, and the **Dictionary of Numismatic Terms**. Reprints of many articles from past issues of **The Numismatist** can be purchased.

- Use of the largest circulating numismatic library in the world is one of your privileges as a member. The only charge for borrowing reference books is the postage round-trip from Colorado Springs.

memberships

A \$5.00 application fee for Regular and Club membership is payable with the first year's dues with the application. This fee is not required for Juniors (11 under 18 years) nor for Associate or Life Members. Associates wishing to transfer to Regular membership must apply therefore as new applicants but retain their original numbers. Dues for the second calendar year of a new member are adjusted to give credit for any months missed the first year. Only persons 18 years of age or older are eligible for Life membership. Junior Members become Regular Members automatically at age 18.

Names of applicants (but not necessarily addresses) are published in **The Numismatist** in the second issue following date of receipt. If no objections are received within 30 days, the applicant is admitted and a membership card for the current year is sent to him. In case of objections, the procedure specified in the By-laws is followed.

Subscription (all other countries)	15.00

- The Association, in conjunction with Colorado College, conducts a week-long seminar every July covering a variety of subjects. The modest tuition includes room and board, field trips, lectures by noted authorities, and use of college facilities. Write for further details.

- Several insurances, such as on numismatic collections, exhibits, hospital money plan and life, are available to members. Being group insurance, the costs are lower than on comparable individual policies. All plans are administered for ANA by a long-established insurance agency.

and abroad

ANA membership makes it more fun to collect coins — to display what you know and have, and make friends who share your interest.

- If you give talks or make displays, your local coin club can send for ANA certificates of award for you. You can widen your activities to include state or regional coin shows and conventions.

- Each year for five days in August, the ANA national convention is held in some major city where there are enough hotel rooms and floor space for displays and the dealers' bourse. There you will attend a national auction, see world famous collections, compete for display awards yourself, listen to educational forums, meet collectors from everywhere, attend the business and award sessions of your Association, and enjoy social events. In the 100-table bourse room you will meet dealers whose names are already familiar to you and see their choicest items for sale. Local ANA members arrange trips and parties, and the convention ends with the traditional banquet.

- For young collectors, the ANA reserves special categories in the National Coin Week competition and in convention exhibits, publishes well-written articles, and gives awards for outstanding numismatic accomplishments.

- While not a guarantee of integrity, ANA membership does establish you as a collector of record and serves as an introduction to other members. The low-cost silver or bronze membership medal is engraved with a member's name, number and date enrolled. You can order membership buttons and jewelry and an emblem to use on stationery or as a rubber stamp.

coin clubs

Local coin clubs, and state and regional organizations, can hold membership in ANA. They receive **The Numismatist** and have all the privileges of membership. In addition, they receive the monthly **Club Bulletin**, an illustrated booklet of 20 or more pages containing news and items of special interest to clubs. They can borrow visual educational slides and films to show at meetings, the only charge being the postage. A number of slide sets, with typed commentary, are ready for use.

- A member club can order award certificates for its members, "past-president" medals, and ribbons for coin show awards, all at approximate cost. National Coin Week participation is open to clubs as well as to individuals.

ENCASED COINS

Recently there has been a great deal of
interest in all types of encased coins,
particularly the older styles and odd-
denominations. Due to be issued early
this year is a comprehensive book on types
and styles of encased coins, by Arlie
Slabaugh. Should you be interested in
a copy, check the box on the center Bidding
Form (no obligation). Unless otherwise
specified coins are cents and round

LOVE TOKENS

The Love Tokens in the last sale proved to be quite popular. I am pleased to be able to offer a choice selection, with a wide variety of denominations and many scenics. Again arranged sequentially by denomination and date, not by the often interchangeable initials. Unless the engraving is less than VF/XF, the condition refers to the coin reverse. A "hole" refers to a hole as made, and does not detract. Minimum bid on the popular SCENES is \$10. Better Love Tokens always wanted (esp. Scenes).

Inside of case gold stamped on plush, light brown, soft leather: "Tiffany & Co./New York/ Paris-London". TWO Badge Medals, in divided case: Lower Medals are the same as shown in E-406. The top bar, with intact pin-back, is also the same as E-406. The lower bar on the left badge in the case reads "DIRECTOR", with a ribbon bar on the reverse (unused). The Ribbon has 3 vertical stripes: Yellow, Red, Yellow. The right badge lower bar is engraved (not struck): "Council of Administration". The Ribbon is Yellow, Blue, Yellow. The case is intact, with some small chips in the leather & scuff marks, gold bright, overall VF/XF. The Two Badge/Medals are CHOICE UNC, Toned light Brown, with a few insignificant contact marks. Charles H. Schwab of Illinois was one of only THREE members of the Council of Administration (plus the Chairman: Higinbotham).
